## Total

	Waste Tons	ADC Tons
Total Tonnage Calendar Year 2008	6,038,267	30,096

\*You may notice that many of Missouri's transfer stations are listed as handling zero tons of waste per year. According to Missouri Law, the tonnage fee is only assessed on transfer stations if the waste they process is transported out of state. So if the waste stays in Missouri, the fee is assessed and the tonnage is recorded at the landfill it ends up in and not the transfer station it goes through.
